

DONATIONS

Making a standing order can be a great way to help us with our rescue and re-homing work.

It allows you to make small but regular payments directly into our account which will be used to pay for veterinary treatment, cat food and litter etc.

Please complete the form and return it to your bank.

FELINE FRIENDS

Feline Friends is an independent voluntary organisation which has been established since 2006.

SUCCESS STORIES

Fifi is a small neutered black and white female. She came to us because of a child's allergy. She was rehomed with a family in Washington who have a big garden and young children to play with her.

Jaffa is a ginger neutered male who we have rehomed as a companion cat with a lady in High Barnes.

Lola has been happily rehomed with a family in Washington. Her favourite occupation is sunning herself on the windowsill!

Lola's brothers Billy and Harvey have also been rehomed. They are now living with a family in Barnes. They love playing in their toy tunnels and chasing insects.

Tiger is a young neutered male who was rehomed with a young family in Town End Farm.
